Jeff Massey
American Motorcyclist Association
Motorcycle Hall of Fame Application
13515 Yarmouth Drive
Pickerington, OH 43147

Dear Mr. Massey:

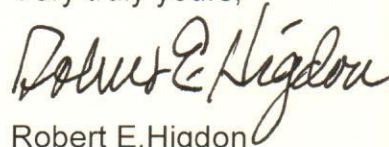

I enclose herewith a joint application for membership into the AMA Hall of Fame on behalf of Daniel and Arlene Liska, two riders who pioneered the sport of what we today call adventure motorcycle touring and in the process altered in a significant manner how motorcycles are both designed and used.

Also enclosed are a biographical statement that describes the history of their accomplishments, several photos, and a number of photocopies of newspaper articles from a variety of Nebraska publications that followed their travels through the Americas, Europe, and Africa.

Permit me to note that in regard to media coverage, my associates — Lisa Erbes and James Winterer — have discovered 169 such stories, a plurality from the Omaha *World-Herald*, then and now Nebraska's largest newspaper. To include here more than a mere glimpse of such reports would be to attach a book. We have instead compiled a collection of the most important newspaper and magazine articles, photos, and advertisements featuring the Liskas' achievements at the Iron Butt Association's web site: www.ironbutt.com/liska.

If there is any question I have not answered or may have overlooked with respect to this submission, please do not hesitate to contact me, preferably at at my email address of HigdonRE@gmail.com. In the meantime, awaiting your considered decision, I remain,

Very truly yours,

Robert E. Higdon
